Weather

The UCF Campus is equipped with a Lightening Prediction System called WxSentry. The system provides real-time global precision lightening strike detection and activates alerts to warn those working outside to seek shelter immediately. If the system is activated, we will follow proper protocol and will resume activity once the system is cleared. In the event of RAIN, camp will go on as scheduled UNLESS the fields are deemed unplayable and/or unsafe.

Please visit the [Central Florida Girls Soccer Camp webpage](#) for further weather related delays and/or cancellation protocols.
